Director of Engineering

Amilla is a modern retreat with responsible hospitality goals including wellbeing, inclusivity and sustainability. A haven where guests can immerse themselves in the island's natural beauty and experience our commitment to protecting it.

KEY SKILLS & RESPONSIBILITIES

- Lead all engineering functions to ensure uninterrupted water and power supply through efficient management of RO desalination, generators, and STP systems
- Oversee preventive maintenance of all resort assets including villas, equipment, boats, vehicles, and infrastructure
- Manage and guide the engineering team, coordinate daily operations, and deliver on project goals and cost efficiency
- Maintain and troubleshoot electrical, mechanical, HVAC, and plumbing systems for optimal performance
- Support event setups through carpentry, lighting, and creative technical builds
- Strong hands-on knowledge in electrical engineering, project management, and working in remote, self-sustained environments.
- Track and report monthly performance vs budget; identify opportunities for cost-saving and resource optimization without compromising service standards.
- Plan and execute both large-scale and minor renovation projects, managing timelines, quality standards, and budgets in coordination with corporate and external contractors.

KEY PERSONALITY TRAITS

- Must possess clear, concise written and verbal English communication skills.
- Able to lead and motivate a team
- Results driven
- Able to generate new ideas and encourage creativity
- Strong technical skills & experience
- Excellent Management Skills

EDUCATION & EXPERIENCE

- Diploma, Bachelor's or Master's degree from an accredited college or university in Mechanical Engineering or a relevant field.
- Two years college level coursework in marine, stationary or mechanical engineering or the equivalent combination of education training and experience
- Minimum of 5 years of experience in Facility/Plant Engineering Maintenance and Minimum of 5 years of experience in Maintenance field.

Interested candidates should send your CV with photo by
25th September 2026. Shortlisted applicants will be contacted.
