FUNCTION
Engineering

TYPE
Full-Time

EXPERIENCE
Previous experience in similar role

ABOUT THE ROLE

We are seeking a skilled and reliable Powerhouse Operator with a Mechanical or Electrical background to support the safe and efficient operation of the resort's power generation and utility systems. The ideal candidate will be technically competent, safety-conscious, and able to respond effectively to operational requirements in a remote island environment.

KEY RESPONSIBILITIES

- Operate and monitor diesel generators, electrical systems, and powerhouse equipment.
- Conduct regular equipment inspections, readings, and operational checks.
- Identify and report faults, abnormalities, and breakdowns promptly.
- Assist with preventive and corrective maintenance.
- Maintain accurate logbooks and equipment records.
- Ensure a continuous and reliable power supply to the resort.
- Follow all health, safety, environmental, and operational standards.
- Maintain a clean, safe, and organized powerhouse.
- Support the Engineering team during maintenance, repairs, and emergencies.

WHAT WE'RE LOOKING FOR

- Mechanical or Electrical qualification with minimum 2 years' relevant experience, preferably in a hotel, resort, or industrial environment.
- Practical knowledge of generators, electrical/mechanical systems, maintenance, and troubleshooting.
- Strong safety awareness, responsibility, and problem-solving skills.
- Ability to work effectively in a technical team, flexible shifts, and a remote island environment.
- Good English communication skills; additional languages are an advantage.

If you are passionate about ensuring safe, reliable, and efficient power operations, we would love to hear from you. Please send your CV and a brief cover letter to careers@thehalcyonmaldives.com
