

MALAHINI
KUDA BANDOS

We are
hiring!

Malahini Kuda Bandos is looking for a proactive and experienced Assistant IT Manager to join our team. This role involves overseeing day-to-day IT infrastructure operations and supporting the maintenance of critical resort systems.

ASSISTANT IT MANAGER

Key Responsibilities:

- Oversee and maintain resort IT infrastructure, including servers, PCs, and wired/wireless networks.
- Monitor performance and reliability of critical operational systems such as Property Management Software (Opera), POS (Micros), door lock software, and CCTV.
- Implement and enforce IT security policies and controls to ensure compliance with industry standards.
- Supervise the maintenance of data backups and ensure recovery systems are functioning correctly.
- Serve as a point of escalation for complex technical issues and coordinate with third-party vendors for support and procurement.
- Provide training and guidance to staff members on IT systems and literacy.
- Generate regular reports on system performance, incident trends, and compliance for senior management.

Requirements:

- Bachelor's Degree in Information Technology or a related field is essential.
- Proven experience in a similar capacity within the hospitality industry.
- Strong technical knowledge of network administration, Windows servers, and hotel-specific application
- Excellent communication and interpersonal skills, with the ability to interact effectively with individuals from diverse backgrounds.
- Strong organizational skills and attention to detail.

If you believe you've got what it takes to be part of our team, please send your updated CV with a copy of your NID or Passport to careers@malahini.mv.
