

The Place To Be

Nestled within The Atollia by Centara Hotels & Resorts, Centara Grand Lagoon Maldives Resort is a haven of Thai-inspired hospitality and Maldivian allure. A short speedboat ride from Velana International Airport transports you to our tranquil oasis, crafted for discerning travelers and guests of all ages. .

INFORMATION TECHNOLOGY

Cluster IT Manager

Experience and Skills Required

- Minimum 3–5 years of experience in an IT leadership role, preferably within the hospitality or resort industry.
- Strong knowledge of network infrastructure, servers, Microsoft technologies, virtualization, backup systems, and hotel IT applications (PMS, POS, ERP, CCTV, IPTV, and access control).
- Solid understanding of cybersecurity, data protection, disaster recovery, and IT system administration.
- Proven ability to manage IT operations, projects, vendors, budgets, and multi-property environments while ensuring business continuity.
- Excellent leadership, communication, analytical, and problem-solving skills, with a strong customer service mindset.
- Experience in corporate-standard IT reporting, compliance with IT policies, asset management, system audits, and maintaining accurate IT documentation.
- Good command of spoken and written English; relevant IT certifications (Microsoft, Cisco, CompTIA, ITIL, VMware, or equivalent) are an advantage.
