

WE ARE LOOKING FOR

ELECTRICAL ENGINEERING MANAGER

Engineering Department

Highly motivated and passionate individuals dedicated to delivering exceptional experiences at JOALI BEING Bodufushi

JOALI BEING is a transformative well-living island focused on joy, energy, and balance.

Here, the Joy of Well-Living guides how we live, work, and connect.

Join us and be part of a team that inspires meaningful, joyful experiences every day.

- Minimum 3–5 years of related electrical management experience in a five-star luxury resort environment.
- Bachelor's degree in Electrical Engineering, Electrical Technology, or an equivalent field.
 - Licensed Electrical Engineer or Master Electrician credential required; High Voltage (HV) handling license and safety certifications preferred.
 - In-depth expertise in High/Medium/Low voltage power distribution, synchronized diesel generators, solar PV systems, and UPS networks.
- Hands-on experience overseeing resort utility plants, including Desalination (RO), Sewage Treatment (STP), central HVAC/Chillers, and LPG infrastructure.
 - Proficiency in managing Building Management Systems (BMS/SCADA), low-current systems, and energy management software.
 - Experience working in a remote island environment preferred.
- Strong leadership abilities, proactive problem-solving, resilience, adaptability, and a passion for leading a healthy lifestyle.

If you would like to share the adventure and walk this incredible journey with us,

PLEASE SEND YOUR RESUME BEFORE

5th October 2026

Only shortlisted applicants will be notified
