BATHALA
MALDIVES

Become part of a passionate team and play a key role in our legendary squad. As a member of the Planhotel family, you are our greatest asset in delivering exceptional service to our guests. We are participants, not bystanders—working together to create memorable experiences. Begin a journey with us that connects you to new places, people, and possibilities.

Bottle Plant Operator

Key Responsibilities

- Operate and monitor the water bottling plant to ensure efficient daily production.
- Perform routine inspections, preventive maintenance, and basic repairs on bottling equipment.
- Monitor water quality and maintain hygiene, sanitation, and food safety standards.
- Maintain production, maintenance, and inventory records for consumables and spare parts.
- Follow health, safety, and environmental procedures while responding promptly to equipment breakdowns.

Requirements

- Certificate or Diploma in a technical field or equivalent practical experience.
- Experience in water bottling, water treatment, or similar production/maintenance operations preferred.
- Basic knowledge of bottling equipment, water treatment systems, and preventive maintenance.
- Good communication, organizational, and record-keeping skills.
- Ability to work independently, maintain hygiene standards, and work flexible hours when required.
