We're Hiring

Assistant Maintenance Manager

At VARU by Atmosphere, North Malé Atoll, Maldives

We are seeking a highly motivated Assistant Maintenance Manager to join our dynamic engineering team. In this role, you will support the Senior Maintenance Manager in overseeing maintenance operations, coordinating activities, and ensuring compliance with safety standards.

Core Attributes:

- Minimum 2 years of experience in similar role with a five-star resort
- Excellent leadership and team management skills
- Strong organization and communication skills
- Strong knowledge of mechanical, electrical, and plumbing systems
- Ability to work in a fast-paced environment and prioritize tasks effectively.
- Ability to find creative solutions, take ownership of duties and tasks assigned.

Key Responsibilities:

- Assist in planning and scheduling maintenance activities to ensure minimal disruption to operations.
- Supervise engineering staff, providing guidance, training, and support.
- Perform routine inspections of facilities and equipment to identify maintenance needs.
- Help manage maintenance budgets and control expenses.
- Ensure compliance with all safety regulations and company policies.
- Coordinate with external contractors and vendors as needed.
- Maintain accurate records of maintenance activities and repairs.
- Respond to emergency maintenance
